against Crime Programme of the European Union

PROFILING WORKSHOP, JUNE 2015 – HIGHLIGHTS

Compiled by S.Klemenc, 2015

COLLECT, ANALYSE, ORGANIZE, EVALUATE, SHARE – A RESPONSE TO
CHALLENGES IN FORENSIC DRUGS ANALYSES

*Acknowledgement : The RESPONSE project is financially supported by the Prevention of and fight against crime Programme of the European Union (grant agreement number JUST/2013/ISEC/DRUGS/AG/6413). We kindly **acknowledge this!** The content of this presentation is the sole responsibility of the author (S. Klemenc) and can in no way be taken to reflect the views of the European Commission.*

WORKSHOP AT A GLANCE

Project task: WS 2.6 (first event, June 2015, working days 15th to 17th June)

Goal - aim: To enhance the understanding of profiling concepts and profiling competencies of forensic experts by workshop assisted learning.

Workshop programme – see at:

http://www.policija.si/eng/images/stories/GPUNFL/PDF/RESPONSE-Ljubljana2015_ProfilingWorkshop_Program.pdf

Number of participants: 24 (5 trainers + 19 trainees)

Participants by countries: Belgium (1 trainer), France (2 trainers (INPS) + one trainee (FSIFG)), Switzerland (2 invited trainers)*, Bulgaria (1), Croatia (1), Cyprus (2), Hungary (3), Ireland (1), Lithuania (1) Netherlands (1), Poland (1), Portugal (2), Slovenia (3), Georgia (1)**, Serbia (1)**.

Workshop evaluation – see at:

http://www.policija.si/eng/images/stories/GPUNFL/PDF/RESPONSE-Ljubljana2015_ProfilingWorkshop_Evaluation-Summary.pdf

* Attendance of two additional trainers was financially supported by ENFSI Drugs Working Group

** Attended on self costs

Homework!

Trainers were very demanding! They requested that homework (theoretical and practical) is done before the workshop!

HOMEWORK

for the

PROFILING WORKSHOP

(June 15th-17th, Ljubljana, 2015)

Instructions for the trainees

You have received a link to a drop box in which there are:

- 1 set of raw MS data (15 folders)
- a pdf file

- Instructions

Everyone has at his disposal 1 set of raw GC-MS data (Agilent format) including 15 cocaine profiles

The work you have to do before the seminar is the following:

- identify the compounds in the profiles
- integrate the compounds
- compare the profiles using any tool at your convenience (for example, visual comparison or mathematical)
- prepare a summary of your conclusions to include in your ppt presentation (see the program)

Please also read the methodological chart which is available as pdf file.

Presentations for Monday afternoon

Each trainee /laboratory (if you are two people coming from the same laboratory) has to prepare a 10 min presentation with the following contents:

- a short introduction of himself and his work experience in drugs analysis
- if relevant, some information on profiling. Here are questions to help: what means profiling for you? What do you expect from the seminar? If you do profiling, what kind of drugs? Is there a methodology? If two samples are linked, what does it mean for you?
- results from the preliminary dataset. For each step (identification, integration, comparison), prefer a summary, express the difficulties!

Fabrice Besacier

Excerpt from the homework instructions!

Attendees

PROFILING WORKSHOP

(June 15th-18th, Ljubljana, 2015)

FIRST DAY: Introduction

Trainers: Dr. Fabrice Besacier, Dr. Laurence Dujourdy and Mr. Filip Van Durme

FIRST DAY: Lessons

Trainer: Dr. Fabrice Besacier

FIRST DAY: Lessons

Trainer: Dr. Julian Broseus

FIRST DAY: Lessons

Trainer: Dr. Natacha Gentile

FIRST DAY: Input from trainees - homeworks

Co-funded by the Programme of the EU FP7
Special Co-funding Agreement of the European Union

PROFILING WORKSHOP

June 15th - 16th, Lubiana, Slovenia, 2012

 **RESPONSE**
EUROPEAN UNION

SECOND DAY: Profiling theory in practice

THIRD DAY: Profiling theory in practice (continue), presentations of subgroups work (by trainees) and open discussion

THIRD DAY: Profiling databases –presentations by trainers, last questions and evaluation...
